Now, you can get therapy on your smartphone!

Meru Health is an online healthcare provider that uses a mind/body approach to guide you step-by-step towards better and long-lasting health.

Meru Health's 12-week program is clinically proven* to reduce anxiety, stress, depression, and burnout long-term from your smartphone – accessed anytime, anywhere.

*Research validated by Stanford, Harvard, and UC Davis.

12-WEEK PROGRAM TO IMPROVE YOUR PHYSICAL AND MENTAL HEALTH LONG-TERM

A Dedicated Licensed Therapist

Receive a one-time video call with a master or doctoral-level licensed therapist followed by daily text-based support. Your therapist will provide meaningful, personalized responses to guide and motivate you on your journey.

Anonymous Peer Support

The anonymous support group gathers over a specific topic, giving you the opportunity to share your experience and learn from others to feel more connected.

HRV Biofeedback Device

Receive a heart-rate variability biofeedback device to track and improve your physical response to stress so you can feel calmer, faster. (\$170 retail value for free).

Psychiatrist Support

Psychiatrists available in select states can help discuss your existing medications, provide follow-up recommendations, and coordinate with your primary care physician. They do not prescribe any medications directly.

Weekly Themed Lessons & Practices

Receive evidence-based mindfulness practices and behavioral techniques to help you regulate your emotions, improve your sleep, enhance your nutrition, and feel empowered.

Primary Care Collaboration

To help identify your symptoms' root causes, we can provide reports and updates upon request to your care team or primary care provider.

Note: Depression can have various root causes, including hormonal imbalances, nutritional deficiencies, inflammation, etc.

State Wellness Program

Colorado STATE OF HEALTH provides Health Promotion, Prevention, and Protection for employees across all State Agencies. Cigna members may add Meru Health to their whole-health care by enrolling through www.coloradostateofhealth.com.

Once you've signed up, download the app, take a brief health assessment, and book a call with a dedicated licensed therapist today
